

Pilots in the Sky

Pilots flying way up high,
Zooming **planes** across the sky!
Up so high, see them soar,
Up we go, let's **explore**!

Fasten **seatbelts**, here we go,
Zooming high, fast or slow.
See the **clouds**, wave goodbye,
Pilots take us to the sky!

In the cockpit, **pilots** steer,
Land the **plane**, loud and clear.
Waving hello, waving bye,
Pilots take us through the sky!
